# THE ERIE CHRONICLE

Eighth Edition - No. 1  
September 1995

Erie County Historical Society  
P.O. Box 944 Sandusky, Ohio

This is a representative sample of the glasses and mugs Glenn now keeps in his permanent collection for the Kuebel family.

## "BREWMANIA" FOR SEPTEMBER MEETING

Our first meeting of the new season will be on Sunday, September 17 at 3:00 in the meeting room at the rear of the Presbyterian Church. Please note the change from our usual time. We will enter by the door on the Washington Street side.

Our speaker will be our newest ECHS member, Glenn Kuebel of Wilmington, Delaware, who has for over 20 years researched the brewing industry in Sandusky and the Kuebel family. He has a large collection of items associated with the industry and will bring slides of them. We hope to have some of the brewery items from the Follett House to show.

Glenn is a native of this area, a graduate of Margareta High School and Case Institute of Technology with a degree in Chemical Engineering. He has been involved in the development of the motor for the Vanguard missile and structural fibers for the frame of the Voyager Aircraft. He retired last year from Hercules Inc. where he had worked for 37 years. He is now serving as the CEO of the Board of Directors of the Board of Directors of the Science Alliance Program of the state of Delaware, a program that provides volunteers in the fields of Science, Mathematics and Technology to work with the teachers and students
